

POWERIZED

BIO

Powerized is a Dutch pop band, based in Breda. The band plays energetic pop in its very own way. The multi-instrumental three-piece delivers a varied and dynamic show, both musically and visually. A wild ride from light-hearted, danceable symphonies to intimate intermezzos. It all comes to life in an exciting and captivating live experience you don't want to miss.

Powerized provides a colourful show, brought with a contagious enthusiasm and loads of energy. This sympathetic trio sets a vibe and drags the audience into the atmospheres set out by the band. Combined with a unique, overwhelming sound and lyrical depth, Powerized is covering and discovering all areas within pop and rock.

Musically, Powerized is best described as the middle ground between P!nk, Imagine Dragons and Jessie J. The band has gained a lot of live experience with several tours throughout Europe and a sold-out tour in Japan, leaving a very strong impression.

After releasing singles "Let The Good Be Better", "#nofilter" and "Cycles" Powerized has released its debut album "BETTER THAN YOU" on April 21st 2023 via the German record label Yellow Muffin Records.

In 2024 the band will play its most ambitious show so far. In collaboration with a pop choir and a drum group, Powerized will play several shows in the Netherlands in its own unique way. Accompanied by many musicians up and around the stage, it is going to be a true spectacle, performed by a large group of people with a shared passion all in one big show.

Powerized is ready to infect you with their energetic pop.
